

Addendum No. 4 – Brief Update

MOSH Genesis
Exhibit Design

RFQ#: INNOVATION-MOSH2024
RFQ#: NATURE_CULTURE-MOSH2024

We would like to provide a brief update with Exhibit Design submissions.

The review process for the Exhibit Design proposals has been taking longer than intended due to the simultaneous review of the Architectural & Engineering RFQ proposals. The A&E RFQ process is soon to be wrapped up and our primary focus will be on the Exhibit Design proposals. We anticipate another few weeks to thoroughly complete our reviews. Please continue to check the website for updates.

We sincerely apologize for the delay.

The MOSH Team
